

EPPM2019, Berlin, Germany (indexed in SCOPUS, Compendix, ISI)

The 10th International Conference on Engineering, Project, and Production Management (EPPM2019)

Berlin, Germany, September 2019

Call-for-Abstracts

Dear Colleagues:

We are pleased to announce that the call-for-abstracts for **the 10th International Conference on Engineering, Project, and Production Management (EPPM2019)** is now officially open. The EPPM2019 Conference will be held in Berlin, Germany in **September 2019** (specific dates to be announced in December 2018).

The previous EPPM conferences attracted participants from across the globe. An EPPM conference provides a forum for researchers, engineers, managers, students, and practitioners to present and discuss current and emerging research issues, problems, questions, findings, and new developments in engineering management, project management and production management. It also hosts theoretical discussions, data analysis, case studies, and industrial practices in the form of double-blind peer-reviewed research papers. It is a great opportunity for interdisciplinary research and industrial networking at local and international levels.

Similar to its predecessors, the EPPM2019 conference is interdisciplinary in nature, considering all topics related to engineering management, project management and production management, particularly in the construction, transportation, automobile and manufacturing sectors.

Prospective participants are cordially invited to submit abstracts of 150-400 words in the areas of engineering, project, and production management with the following themes (but not limited to):

- Logistics
- Lean production
- Agile manufacturing
- Project delivery models
- Productivity management
- Contract management
- CAD/CAM integration
- 3D printing and additive manufacturing
- Automation and robotics
- Unmanned Aerial Vehicle (UAV)
- Internet of Things (IoT)
- Building Information Modelling (BIM)
- Big Data, Artificial Intelligence, and Deep Learning

- Virtual/Augmented/Mixed Reality technologies
- Simulation and modelling

Submission of Abstract:

Abstracts for the EPPM2019 can be submitted to the online submission system at <https://cmt3.research.microsoft.com/EPPM2019>.

Important Dates:

Abstract Submission Deadline: 15 January 2019

Other important deadlines will be announced by December 2018

Indexing:

The EPPM conference has been indexed in SCOPUS since 2016. The EPPM2019 will be indexed in SCOPUS, Compendix, and ISI.

Best Paper Award:

A best paper award will be given to the best paper presented at the conference. High quality papers will be recommended for publication in the [Journal of Engineering, Project, and Production Management](#).

Review Process:

The EPPM2019 adopts a rigorous three-staged double-blind review process. This is to ensure that the papers published in the proceedings are of high quality.

Stage 1: All abstracts will be reviewed by the Scientific Chairs.

Stage 2: Double-blind peer review of the papers by at least two acknowledged experts in the field. Similarity check must be provided by authors when they submit full papers and revisions.

Stage 3: Only papers presented and defended in the conference will be published in the proceedings.

We hope you can join us and we look forward to your submission and participation at the event.

Kind regards,

Conference Chair:

Erwin Pesch, University of Siegen, Germany

Scientific Committee Chair:

Kriengsak Panuwatwanich, Sirindhorn International Institute of Technology, Thammasat University, Thailand

Scientific Committee Co-Chairs:

Fidelis Emuze, Central University of Technology, South Africa

Hsi-Hsien Wei, The Hong Kong Polytechnic University, Hong Kong

Kassim Gidado, University of Brighton, UK

International Organizing Committee Chair:

David Chua, National University of Singapore, Singapore

International Organizing Committee Co-Chairs:

Ernest Abbott, National University of Singapore, Singapore

Chien-Ho Ko, National Pingtung University of Science and Technology, Taiwan

President of EPPM-Association:

Joanicjusz Nazarko, Bialystok University of Technology, Poland
