INTERNATIONAL SCIENTIFIC CONFERENCE

CHALLENGES IN SUSTAINABLE DEVELOPMENT - THEORY AND PRACTICE

Lidzbark Warmiński
29th-31st May, 2023

OBJECTIVE OF THE CONFERENCE

The aim of the conference is to internationalise the scientific activities of the Polish university staff by promoting the latest results of research of high scientific quality and importance to business.

We would like to invite representatives of the academic community and those dealing with these issues in practice to present their scientific accomplishments and share their experiences in an international forum.

The conference will also enable the exchange of scientific ideas, the integration of the academic community, the possibility of carrying out comparative research in countries characterised by different conditions, and learning about the specific nature of scientific work in Spain and Poland.

LOCATION OF THE CONFERENCE

Hotel Krasicki in Lidzbark Warmiński
Plac Zamkowy 1/7
11-100 Lidzbark Warmiński
<https://www.hotelkrasicki.pl>

LANGUAGES OF THE CONFERENCE

The conference will be held in Polish and English.
